A glacier is a river of ice which travels slowly from the summit of a mountain to the valley below. It is formed when masses of snow are frozen and pressed together.

45.

The glaciers are found in the mountain and polar regions because for a glacier to form snowfall during winter must exceed the melting of snow in summer.

46.

In some regions, glaciers eventually reaches the sea. Large chunks of glaciers break off and fall into the sea with a ~~thundering~~ roar. These chunks of ice float away as icebergs.

47.

The great weight of the glacier causes it move slowly from snowfield downwards. This movement varies from few centimeters to few meters per day, depending on the slope of ground and presence of obstructions.

48.

At the source, a glacier is broad and thick, but as it moves down its temperature rises. As a result more snow and ice melts and the glacier gradually decreases in size.

MARK ANTONY'S WIN OVER THE
PUBLIC OF ROME TO HIS SIDE

JULIUS CAESAR

- WILLIAM SHAKESPEARE

The lesson 'JULIUS CAESAR' is an extract from Shakespeare's play. The extract deals with the funeral orations of Brutus and Mark Antony after the murder of Caesar by conspirators. Brutus justifies the reason for his murder. Mark Antony by his eloquent and emotioned speech wins the public over his side. He starts his speech saying,

Friends, Romans and countrymen,
 The evil that men do lives after ^{them},
 The good is oft interred with their ^{bones}
 So let it be with Caesar"

His oft repeated words,

"Brutus is an honourable man"
 is simple in beginning but turns
 ironical at the end. He tries
 to say ~~the~~ people of Rome that
 Caesar was not ambitious.

"He has brought many captives
 home to Rome
 whose ransoms did the general
 coffers fill;
 - was this ambitious?"

Caesar had filled the state treasury with the ransoms he got from his captives.

"When the poor cried, Caesar hath wept

AMBITION SHOULD BE MADE OF
✓ STERNER STUFF

- Was this ambition?"

Antony says that Caesar was one among the masses and always helped poor. He proves people by saying,

"You all did see me in the Lupercal
I thrice presented him a kingly crown

✓ which he did thrice refuse
- Was this ambition?"

Thus Mark Antony proves the people that Caesar was not ambitious. Antony changes the mood of people by saying,

"My heart is in the coffin there with Caesar and I must pause till it come backs to me"

Then, when he notices the changing mood of the mob, he displays the mantle of Caesar, saying

"This is the most unkindest cut of all"

which was Brutus's wound to Caesar. He also displays the will of ~~Caesar~~ but refuses to read it and the people would kiss Caesar's wounds, and dip their napkins in Caesar's blood when he reads his will.

Finally Mark Antony says
that

I am no orator as Brutus is.
..... were I Brutus
and Brutus, Antony there would
be
Antony would ruffle up your
spirits
The stones of Rome to rise and
mutiny

Thus at last Mark Antony
wins the crowd by his
emotional ~~speech~~ and people
rise against the conspirators.

HIROSHIMA

— R.F. RAPHAEL

SYNOPSIS

Introduction

The decision to drop bomb

Cruel Decision

The plane containing atom bomb

Dropping of atom bomb

sufferings of survivors

aftereffects of atomisation

Nagasaki

Hydrogen bomb

Conclusion

Introduction :

The lesson, 'HIROSHIMA',
is written by 'R.F. RAPHAEL'.
This lesson brings out the
aftermath of atomisation of
Hiroshima.

The decision to drop the bomb:

In order to end World
War II, the allied nations
made a meeting and wanted
Japan to surrender. So it
was discussed when the
atom bomb which they made
has to be tested or not.

"IT IS EASY TO START
'WAR AND FRIENDSHIP'
BUT DIFFICULT TO END"

CRUEL DECISION :

At last, the cruel decision to drop the bomb was made by President Truman of America, Clement Attlee of England, Marshal Chiang Kai Shek of China. Preparations were made to drop bomb on Japan.

"GOD CREATES MAN ; BUT
MAN DESTROYS HIS OWN DESTINY"

THE PLANE CONTAINING ATOM BOMB :

The plane containing the atom bomb was piloted by Colonel Paul W. Tibbets. This plane was followed by another plane to take back the bomb if any emergency situation arises.

DROPPING OF THE BOMB :

The plane containing the atom bomb flew at a height of about 31,000 feet over the city. The bomb was dropped at a height of about 29,000 feet high. The time was set and the bomb was dropped.

"IT TAKES ONLY A FEW SECONDS
TO DROP A BOMB
BUT ITS AFTER-EFFECTS ARE LONG"

SOUNDS OF EXPLOSION :

The bomb exploded at a height of about 2000 feet over the city. There was no sound of explosion. The sun eclipsed for a moment.

There was complete darkness for a moment. The land was filled with human tissues, blood and pieces of wood. The atmosphere was black. Mushroom shaped clouds hung over above the city.

"NO SOUNDS OF EXPLOSION"

SUFFERINGS OF SURVIVORS:

about 10,00,000 people died.
 about 1,60,000 people were injured.
 They could not even climb the boats that came to rescue them.
They were getting into the river.
 Thousands of casualties went to the same hospital. Blood ran down their cheeks, their eye sockets were hollow, their faces were burnt.

When food was brought to them they could not eat because of the bad smell.

"THE MOST CRUEL THING
- TO DROP BOMB ON HIROSHIMA"

AFTER EFFECTS OF ATOMISATION :

- * Pregnant women got aborted and never conceived again.
- * Women got permanently sterilized.
- * The children born were with genetic defects.
- * Hair started falling.
- * They got many types of skin cancer, radiation burns.

* The wounds took many years to heal.

* The wounds on skin closed and sometimes after they reopened.

* Even now children are born with many defects.

* Fever raised up to 106°F .

* The RBC count, WBC count leucocytes number increased.

* Nature ~~tried~~ to establish her equilibrium by breeding leucocytes in larger numbers.

* This led to many wasting diseases and death.

WARS BRING SCARS ON INDIVIDUALS
AND ON THE SOCIETY"

ATOM BOMB ON NAGASAKI :

After two days, atom bomb was put on Nagasaki. Thus many people died due to damage caused by bomb.

"MAN DESTROYS 'PEACE' which
IS THE 'SYMBOL' OF GOD"

HYDROGEN BOMB :

The bombs dropped on Hiroshima and Nagasaki was made of Uranium atom. But now man had invented a more powerful hydrogen bomb.

"WORLD AT A CLICK WOULD BE
DESTROYED BY HYDROGEN BOMB"

CONCLUSION :

Thus, the after effects of Hiroshima and Nagasaki were cannot be expressed in world. Thus all nations should be united and wars should come to an end peace should be established in the world.

"WARS SHOULD COME TO AN END
PEACE SHOULD BE ESTABLISHED IN THE
WORLD"

"UNITED NATIONS ; PEACEFUL WORLD,
HEAVEN ON EARTH"

THE MAN HE KILLED

— THOMAS HARDY

The poem, 'THE MAN HE KILLED', is written by 'THOMAS HARDY'. In this poem, the author tries to bring the grim and curious nature of war. The poet was a soldier. In the battlefield he came face to face with another soldier from the enemy side. They shot at each other. The other soldier died instantly. Immediately the poet

Q

regrets for his act. He tries to convince himself saying that he was a foe.

"I shot him dead because
Because he was my foe".

But he remains unconvinced of his own justification. Under other circumstances they would have become friends and shared a drink in inn. The poet mourns the death of the soldier saying that they joined the army because they did not have any job. He says that he would also been an unemployed like himself.

Thus the poet is not convinced and is confused.
He says that,

HOW QUAIN T AND CURIOUS WAR IS!

One joins the army not because of 'patriotism'. They join because they ~~don't~~ have other means for a living.

Thus, the poet brings out the curious nature of war.
